DACH country table

Network and collaboration across German-speaking Europe

Vision and Mission

The vision is to move beyond isolated initiatives toward a shared ecosystem in which organizations, churches, and individuals work together to foster sustainable spiritual growth and multiplication in the world of sport.

To strengthen collaboration among sports organizations in the DACH region in order to promote and expand sustainable, discipleship-focused ministry in sports through shared resources, relationships, and initiatives.

Project Context

The DACH Country Table is an organically grown network of sport-focused organizations that is already generating joint impact, while facing shared challenges such as limited resources, difficulty sustaining initiatives, and a strong reliance on event-based outreach–creating a unique opportunity to deepen collaboration and develop more strategic, long-term approaches together.

Goals and Objectives

2. Shift toward discipleship-focused ministry
3. Expand the network strategically
4. Catalyze joint initiatives
