

our vision

To make disciples for Jesus Christ in every country of Europe in and through sport and fitness

our mission

We partner together to serve God's Kingdom in and through sport and fitness in Europe as part of a global movement in sport.

2025 priorities

Looking and listening well to **understand** better the status quo and the needs and opportunities of **every European country** and **all major cities**.

Continue to **train and equip** those serving in specific **go priorities** and build a **closer connection** and work towards **increased collaboration** with **go action sport**.

Engage the **right people** to **serve** their **country, city** or **go priority**, assist to build **teams** and work towards a **strategy** and **plan** for **sports ministry** in their context.

Help **create** pan-European **communities of practice** and **working teams** with an emphasis of **supporting** and **serving** one-another and all of Europe **together**.

communities of practice

A community of practice is a group of people who share a common concern, a set of problems, or an interest in a topic and who come together to fulfill both individual and group goals.

Pan-European COPs already meeting include physiotherapists, church leaders, all ability, female sport mentors, Roma community leaders and fitness professionals. A platform to discover and connect to a COP is being developed as part of the ECSU website.
