

Angola 2026

Serving the Angolan Sports Movement

Vision and Mission

To see a growing, sustainable, church-centered sports ministry movement across Angola, where churches, coaches, athletes, and sports leaders are equipped to make disciples of Jesus Christ through sports.

The ministry seeks to see transformed lives and communities as young people grow in faith, character, leadership, and purpose, with sport serving as a platform for evangelism and discipleship. The next steps include expanding into rural communities, strengthening discipleship and leadership development, and developing opportunities for sports chaplaincy.

Project Context

Graciano's ministry operates in five locations on the outskirts of Lubango, serving children and youth aged 10-20. Many of these athletes lack basic resources such as food, clothing, and education. Through soccer, the ministry provides hope, structure, and a sense of belonging. The work goes beyond sports, focusing on character development, leadership, and faith integration. Since 2019, the Sport JVG Academy has participated in provincial championships, winning the U13 title in 2024.
