Sports Ministry School

Bible school with a focus on sports ministry

Our Vision

Our vision is to empower individuals to grow in their understanding of the Bible and build a strong foundation in Christian faith. By integrating theological training with practical outreach through sports ministry, we aim to nurture leaders who can serve society holistically–spiritually, physically, and socially. This program aspires to create lasting impact in communities by fostering unity, hope, and transformation through the teachings of Christ.

Project Context

Kenya, with a population exceeding 54 million, is predominantly Christian, yet faces significant challenges. While 80% of the population identifies as Christian, the rise of the prosperity gospel has distorted the true essence of the faith. Coupled with widespread poverty, these challenges highlight the urgent need for initiatives that restore biblical integrity and address practical societal needs. Our project responds to this context, offering a balanced approach to spiritual and community development.

Plans for 2026

This coming year, we will support 2 missionary organization and a church in Kenya in developing their sports-mission programmes.

1. **AB4K**

A Bright Future for Kids (AB4K) supports families in Kenya's slums through children's scholarships. We will provide four weeks of on-site sports-mission and theological training, equipping church members to reach their communities through sports. During the programme, we plan to engage at least 400 children in sports-based missionary activities.

Plans for 2026

2. **DIGUNA**

DIGUNA is a missionary organization bringing the Gospel to remote areas of Kenya.

In January and February, we will equip their staff with sports-mission and theological training, while developing new programmes and strengthening existing ones.

Needs

- **Materials:** Sports equipment and art & craft supplies to support activities and sustain community programs post-trip.
- **Travel:** Plane tickets to Kenya.
- **Living Costs:** Support for expenses during the stay.
- **Program Support:** Funding for sports missionary activities with students.

Prayer requests:

- Pray for wisdom, guidance, and smooth coordination of all logistical aspects for the mission trips and training programs, ensuring their success.
- Pray that the activities touch hearts, foster meaningful relationships, and effectively share the Gospel with the communities served.
- Pray for the provision of necessary resources—financial, material, and spiritual—to fulfill the mission and leave a lasting impact in Kenya.
